

School Based Traineeships

Early Childhood Education and Care

Kick-start a Career in Early Childhood during your HSC

Early Childhood Education is a challenging and rewarding profession. Educators often take on many roles in the provision of quality education and care of 0 to 6-year-old children to prepare them for the next stages of life. This includes engaging in learning and play, development of language and social skills, nurturing agency and wellbeing, and responding to health and safety issues for vulnerable young people.

By successfully completing CHC30121 Certificate III in Early Childhood Education and Care as a School Based Trainee (SBAT), not only will you have up to two years of work experience, you will also be a qualified Early Childhood Educator and have accumulated 8 units of credit towards your HSC. From there you could further your studies and become a Diploma-qualified Educator, offering an alternative pathway to a University Degree.

**CHC30121 Certificate
III in Early Childhood
Education and Care**

Room Assistant
Family Day Care Educator
Nanny (Australia/abroad)

**CHC50125 Diploma
